

Wisconsin State AFL-CIO

DON'T LET POLITICANS TAKE AWAY WORKERS' UNION RIGHTS

Lobby for our Rights

The Wisconsin Legislature will be voting on a bill that will strip away our right to bargain collectively. Our jobs, our benefits and our rights are at stake and we need to tell the legislature that enough is enough, we will not stand by and watch our rights be stripped away.

Speak out to protect our rights!

Please call our legislative hotline at

1-877-753-5578

to speak to your State Senator and ask them to oppose taking away the rights of teachers, nurses, snowplow drivers, correction officers, sewer and water workers, bus drivers, healthcare workers, school counselors, sanitation workers, and all the other hard-working public servants of our state.
