

Dear Friends -

Just hours ago all fourteen Democratic members of the Wisconsin State Senate [left the Senate chambers in protest over Governor Walker's assault on working families in Wisconsin.](#)

Their actions stopped the GOP controlled Senate from ramming through legislation that would put an end to collective bargaining rights in Wisconsin, and would have had a disastrous effect on the ability of Wisconsin workers to organize for good pay, and fair benefits.

The bill, introduced just last week, met with widespread protest throughout Wisconsin. Over the last week tens of thousands people from around the State descended upon the State Capitol to make their voices heard.

Unfortunately, Governor Walker and his handpicked supporters in both houses of the legislature turned a deaf ear.

The Wisconsin Senate Democrats are committed to using the legal processes of the Wisconsin State Senate to force the GOP to cease their assault on working families.

[Today, I'm asking you to show your support for the State Senate Democrats in Wisconsin, and help them keep up the fight for the working men and women around Wisconsin, and around the country.](#)

The Senate Democrats in Wisconsin stand in solidarity with the hard working men and women who make this state such a great place to live and raise a family.

I hope that you will [join me in standing in Solidarity with them.](#)
