

Welcome to the wonderful world of freedom-- freedom from the dictates on your time by others, allowing you to make the decisions on how your hours will be spent. Like most retirees, you will probably find that you are as busy now as before, but the difference is that you are able to choose those activities which will take up your time and when you will do them.

I invite you to become a member of the Bay Lakes United Educators - Retired. Listed for you are just some of the benefits of membership.
