

**KETTLE MORaine UNISERV COUNCIL
COORDINATED BARGAINING COUNCIL**

**October 14, 2009
6:00 p.m. at KMUC**

1. Settlement Updates
2. Agreement on a Final Offer Certification Process

As was mentioned during DJ Holub's presentation at the September CBC, WEAC requires certification of all final offers before it will pay the costs associated with contract arbitration. Since the KMUC CBC will be the certifying body for all KMUC contract arbitrations, agreement must be reached on a specific certification process.

3. Tentative Agreement Certification Discussion

Now that binding arbitration is part of our landscape, each settlement impacts all the others. This agenda item calls for a discussion over issues related to local association tentative agreements and any potential input the CBC may have on those tentative agreements.

4. Trust Update
5. Other Items
